PRINTING YOUR COMPANION

Print at 100% or actual size. Turn off fit, shrink and scale-to-page settings. Measure the test square below: each side must be exactly 1 inch. The card outlines on the first sheet must measure 2½ × 3½ inches.

Use ordinary paper for collage motifs and sturdier cardstock for card backs or tracing templates. For watercolor projects, trace the template onto separate watercolor paper. Trim printed shapes only after checking scale.

You may print these pages for your own handmade cards, gifts and exchanges. Do not resell or redistribute the sheets. Original designs © 2026 Stone Walkway Press.
