Keep the Christmas bookshelf growing

A book I want to read

A story I want to revisit

My favorite literary Christmas

A question that surprised me

A note on the questions

This quiz collection discusses works by many authors. It is an independent collection and is not an official companion to any of the books or adaptations mentioned. Titles and character names identify the stories being discussed.

Translated works may use different English titles or spellings. The questions identify the version or original story where that distinction affects the answer.

May your Christmas be merry and your next chapter be wonderful.
